

2018 EDULOG International Conference

Early Childhood Education: What Science Has to Teach Us

Braga, Portugal, 5-6 December, 2018

How to Submit a Proposal to 2018 EDULOG INTERNATIONAL CONFERENCE *Early Childhood Education: What Science Has to Teach Us*

1. Proposal submission is done online, at the 2018 EDULOG International Conference in **Call for proposals**. EasyChair system is used for proposal submissions.
2. At **Call for proposals** you get the EasyChair system. If you have an account you use your username and password. Otherwise create your own EasyChair account; then go back to **Call for proposals**.
3. Click on **Submission page** and select **Submissions**. Fill in all the required fields: *Author(s) information*; *Title and Abstract* (max: 300 words); *Keywords* (3 to 5 keywords); *Select the Topic* (one Thematic Strand).
NB: *Empirically-based proposal papers* should include brief research questions, methodology, findings and conclusions/implications. *Theoretical position papers* should cover definition of problem, outline of argument and conclusion.
4. Author(s) will receive **acknowledgement emails**, confirming the proposal submission.

Additional information:

- **No participant may submit more than two first-authored communications** (oral and/or poster). The first author is assumed to present the paper unless otherwise stated. **No participant may present more than twice** during the 2018 EDULOG International Conference but he/she can be co-author of several papers.
- **All presenting authors will need to be registered** for the 2018 EDULOG International Conference otherwise the abstract will be removed from the Conference Programme and Book of Abstracts.
- Proposals may be presented as **oral communication** (15 min) or **poster**.
